

TECHNICAL SPECIFICATIONS

Multi-adjustable handlebar.

Shower-proof nylon hood with side windows and sunroof that open.

Separately adjustable mesh seats ensures safely seated children during the ride.

Strong, impact-resistant PSPE cabin base without any sharp edges.

Aluminum 6061 rear frame and stainless steel components.

Mono front hub with closed ball bearings and hydraulic disc brakes on front and rear wheels.

The strong aluminium bars offer protection above children's heads for added safety.

Reflectors for increased visibility in traffic when dark: on the wheels, frame, cabin base and hood top.

Strong steel front frame engineered for extra protection in case of collision.

Kickstand for stability and easy entrance.

Head tube solution and Torsion suspension bar for stable and dynamic steering properties.

DIMENSIONS

Dimensions bike: L210 x W90 x H120 cm

Dimensions cabin: L95 x W70

Elbow width 77 cm. Seat to hood 77 cm

Front Wheels: 20x1.75 with mono-suspended hub, double-base aluminium rims and hydraulic disc brakes as standard.

Wheel track spacing: 86 cm

Total max weight: 250 kg

Total load capacity: Cabin 100 kg/Rider 110 kg

Total load rear carrier: 30 kg

Net weight bike: 38 kg

MOTOR OPTIONS

Center motor: Shimano STePS

Rear hub motor: Bafang.

Both with different gearing options.

A motor gives you the extra power boost to make your journey more comfortable.
